Deliverance 24D is an extremely eye appealing individual who will leave you with females the neighbors will admire! Moderate, hairy and adequate bone coupled with a great cow family will ensure productivity and profitability to your cowherd for generations. Longevity is key in this industry, and this cow family is as consistent as you can make them

Diplomat 28D was raised by a female who has left her influence across the globe via embryos and semen sales from previous sons. Several high selling bulls have gone through this sales ring, as well as one retained in herd. This guy will certainly uphold the family name, and provide admirable performance and powerhouse females to carry our industry forward for many years.

Black, polled, and complete. Dinero is a true Balancer herd sire who is developing nicely. He is the youngest bull we have offered, and he brings a ton of potential to town for your evaluation. His mother has produced numerous herd sires who are leading sires in several purebred herds. If you happen to breed slightly later in the season, this is your guy!
